

Crystal Coast Realty & Home Services Home Check Program

So you have a second home and you don't rent it out to strangers. We GET IT! When you come to the beach – you'd rather enjoy your vacation home than spend the weekend doing needed maintenance and repairs. We GET IT! You've found the right people. We'll provide keys to authorized friends and family, schedule vendors and take care of monthly inspections - so you can sit back and relax.

We are licensed, bonded and insured. As part of our services, we also provide a detailed electronic report/pictures when we enter your home. Ask about our use of QRIDit® Inspection Software. We will work with you to accommodate any additional needs unique to your home.

Standard Checklist:

- Check for forced entry/vandalism/Storm damage/pests/animal intrusion
